

plunged right in rose up smiling, struck out for the other shore where the angels were waiting for him with a finer suit than he had ever worn in his life. Jim was a poor man but he had his subscription to his home paper paid up and he has gone to glory."

How about your dog tax? We understand that after the end of this month the license department intend prosecuting those who have not secured licenses.

## General News Notes From Various Points

Winnipeg has a snowfall this year of 54 inches, which is a record.

Single grain of the age from 2, 20 years eroded under local laws, constant scheme will be called on, today.

According to dispatches from Petrograd it is estimated that two army corps of Jürks are shut up in Erzerum.

Since January 1, 31 inches of snow has fallen in Duluth, breaking all records. The greatest previous fall for January was 24 inches in 1888.

The American legion is now of full strength of 1,200 men. The militia department is forming a company of the 101st battalion, composed of Americans, to transfer.

Notwithstanding the presence of troops, rioting broke out again last Friday night in the vicinity of the German consulate at Luauana, Switzerland. More than 100 arrests were made.

Four days' campaign of the Toronto and York county patriotic fund to raise two million dollars was concluded Saturday night and the return show subscriptions of \$2,000,000 will come scattering contributions to come.

The counties of Queens and Shelburne will vote on the repeal of the Scott act on February 21 and 24. If the vote is favorable this will end the province practically all day outside of the city of Halifax.

The Steffan News Agency announced officially that Montenegro has resumed hostilities against the Austrians. This news came to light through the Montenegro diplomatic corps.

It is rumored that an agreement exists by which Denmark divides her foodstuffs between the Germans and Britain. In evidence of this fact, it is cited that no Danish ship carrying food supplies has ever been torpedoed.

In a circular address to the nation's manufacturers, David Lloyd George makes the suggestion who is virtually a demand, that all Sun day labor should be abolished in controlled establishments.

An attack by the Germans on the French front south of Somme last Friday along a width of several kilometers, failed completely on the southern end of the line, succeeding only on the bank of the Somme against the village of Fria.

According to Lloyd's summary of shipbuilding in 1915 Great Britain's output in mercantile tonnage was 1, 200,000 tons, the previous year. Three hundred and seventeen steamers, aggregating 648,639 tons, were built and 10 sailing vessels totalling 2,290 tons were completed.

Gold, thought to be in paying quantities, has been discovered near D'Arcy, Sask., a town on the Goose Lake line of the C. N. R., 80 miles from Saskatoon. Over 50 claims had been filed in the Saskatoon land title office and the number is growing.

Proclamations are being posted throughout the old country calling for the colors eight more groups of men who attained for military service under the Earl of Derby's recruiting plan. The men, whose ages range from 27 to 35, are summoned to join on February 23.

In order to encourage the use of Canadian hard wood for interior decoration, Lord Shaftesbury has issued instructions to use nothing but Canadian forest products in the sleeping, dining and observation saloons and in the offices and hotel buildings of the Canadian Pacific Railway company.

Early renewal of military activity along the northern end of the Russian front in the Riga and Dvinsk districts is forecast by Russian military critics. Their expectation is based in part on the unusual activity of the German aircraft in reconnoitering the Russian lines. Not only aeroplanes but Zeppelins are being employed.

Two Bulgarian officers deserted in order to avoid death sentences imposed upon them. They arrived the morning after at Athens and stated that they had been condemned to death because they refused to execute an order to burn seven Serbian villages.

Turkish as well as German sentiment is for an immediate advance on the Dardanelles and the London Daily Mail correspondent in describing the impression gained on the trip to the Balkans.

## PREMIER ASQUITH AND HOME PRODUCTS

A Remarkable Speech—Home Products Made For National Conservation Resources

One of the strongest pleas for the support of home industry was made by Mr. Asquith recently in the House of Commons. During his speech he said, "The intention and object with which these bills are put forward is of a very different kind, and entirely without prejudice to the general question of free trade and the what is called fiscal reform. The object—and a very important object—is, on the one hand, to diminish or discourage the consumption of superfluous or unnecessary commodities of a luxurious kind, but still more—and this is my mind to the really important point—to discourage unnecessary importation. In the conditions under which we now live everything that comes into this country from abroad which is not absolutely needed for the sustenance or carrying on of the industry of our population, involving, as it does, a corresponding obligation on us to export, tends still further to disturb and depress the exchange, and therefore to embarrass the conduct of the war and the provision of the financial resources which are absolutely necessary for its successful prosecution."

Canada has carried to a greater extreme than almost any other country the reckless habit of buying more than she sells. It is true that we are remedying our fault in this direction and that our formerly admitted goods have been largely transformed into a favorable trade balance. Our imports are falling and our exports are rising, but our imports are still too large. Consumers in Canada should take Mr. Asquith's advice and determine to buy goods made in their own country rather than to send abroad huge sums of money which are sorely needed at home.

Those who have criticized the "Made-in-Canada" policy while it has been advocated in Canada during the past few years, would do well to ponder carefully over the remarks of the great British Minister Great Britain has ever had.

## PROTECTION IN GREAT BRITAIN

Articles in many of the leading British papers indicate that after the war the policy of allowing the countries of Great Britain to sell their goods in the British Isles in open competition with British manufacturers will be discontinued. British workers who have struggled in the trenches will need positions when they return and a sufficient number of positions cannot be obtained for them if German and Austrian goods are permitted to be sold in the United Kingdom, replacing British goods and furnishing employment for German and Austrian instead of British workmen. It is scarcely likely that British Dominions who have supported the allies will be forced to compete in British markets with the former enemies of the Empire. Although it is too early to speculate on the exact form which the new fiscal legislation will take, it is reasonably safe to predict that it will at least provide a system of preferential treatment for the products of the British Empire, concessory tariffs among the present allies and discriminatory tariffs against their enemies.

## OUR SACRED DUTY

Impetuous Sentiments Are Expressed by Industrial Leaders

One of Canada's biggest companies, in place of the usual advertisement for their product, has run the following Christmas message in all the periodicals they use:

To contribute to a Fund for the relief of the unemployed does not discharge or liquidate the duty we owe to the brave men who are sacrificing their lives in the trenches that we may live and enjoy the Blessings of Liberty and Happiness.

Consideration in an effort to use in our Mills, our Factories, in our Cities and our Homes all such of the products that Canadian labor produces, so that when the boys come marching home they will be welcomed as a Prosperous and Happy Canada.

"These sacrifices are worthy of our great effort—Our Duty is plain: Canada with Canadian Labor and Capital can produce, manufacture and distribute products sufficient to keep the Wheels of Industry turning to the limit. The Sons of Prosperity and Happiness should ring out all over the land."

"Let us sincerely pledge, to the extent of our needs, to purchase the products produced in Canada by Canadian Workmen, and the result of our efforts will return to us the Blessings of a Prosperous and Happy Canada."

IT BARELY KEEPS THEM Afloat

With the Presidential campaign looming up, tariff issues are very much to the fore among our neighbors to the South. The above cartoon depicts the attitude of the Republican party on the tariff question. They attribute to war orders any revival there has been in American manufacturing industries.

## SIGNS OF THE TIMES

"Made-in-Canada" Big Victory—Foreign Advertising Cut Out

One of the best known trade papers in Canada has announced a significant change in its advertising policy in its November issue. The announcement is a matter of public interest, and we reproduce the following extracts: "For years this paper has advocated the use of 'Made-in-Canada' hardware, and the advocacy by retailers of the Canadian Made lines. We believe that there is no other way to build up a strong healthy national life in Canada as effective as the creation of a diversified manufacturing industry, as well as successful agricultural, lumbering and fishing industries. Last month we went a step further than ever before and announced that hereafter we would accept no new advertising contracts from any foreign manufacturers unless they start a branch plant in Canada. When we decided on this policy we expected it would entail a sacrifice, and our expectations have been realized. So far we have (1) Refused to quote rates to a Boston advertiser; (2) Held up a quarter page order until the United States firm involved starts its Canadian branch; (3) Lost a full page from a Canadian wholesale firm and (4) Lost half page from a Chicago advertiser. These losses simplify our problem, however. We want to be the great advocate of 'Canadian-Made' goods, and the sooner that anything to prevent that is removed the better."

## CREAM AND BUTTER

Big Saskatchewan Creamery Appeals to the Farmers

The home market is ever the big market for the mixed farmer. A thriving farm with many shops and warehouses, factories with busy workers, and railway shops with the hum of activity about them, constitute a market for the food products the farmer has to sell.

While manufacturing industries have not developed much anywhere in Canada in the past couple of years the start which they received four or five years ago has been sufficient to create a body of workers in many Western cities and towns which is more than equal to the absorption of whatever products of mixed farming are available in the West. Instead of the farmer having to go after his market, the market comes after him as witness the following advertisement to a well known Saskatchewan farm paper recently:

1. Keep up your cream production, because prices will be high this fall and winter. Stocks of butter are very tight, and with the旺盛 demand for export, prospects for high prices are favorable.

2. Don't forget that prices for dairy butter are still high during the harvest season, and that cream prices bring much better returns the year around.

3. Ship up your cream now and all ways. It is less trouble than churning, and cash is ready before the trade.

The farmer who is engaged in mixed farming will receive no benefit before he will agree to any big change in a trade policy which has resulted in satisfying his desire for a ready market for all he has to sell.

## AMERICAN POLITICS

Active campaigns for 1916 Are Getting Under Way

Papers from our neighbors to the South are full of news and editorials revealing the next political campaign, which will culminate in the elections in November, 1916. Already the old cries of "Free Trade" and "Protection" are ringing out through the land, and whatever the result may be the citizens of United States will have ample opportunity of judging the merits of the two systems.

The Republicans are apparently going to run a straight protectionist campaign, and will use the depressed business conditions that prevailed all over United States in the first two or three years of the Wilson regime as their basic argument on the crisis of free trade. They will explain the present great revival in American business as being attributable altogether to the war and the huge war orders which have come to American mills.

The following are a few samples of protectionist dogma:

"A Protective Tariff has made the United States the wealthiest nation in the world. Doesn't it seem foolish to destroy the source of our national prosperity by turning it over to all the other nations of the world?"

"While an increase in the number of persons who till the soil will not increase the value of a bushel of corn, increasing the factories increases the number of consumers who demand the bushel of corn."

"A total eclipse brings darkness only for a few minutes, but Free Trade darkness the free in the factories for a whole Free Trade administration. 'Germany can deliver in Chicago, Italy paid, for 40 cents an article costing 75 to 90 cents in a Cincinnati factory; a German woman can do for 15 cents the same work for which an American man is paid \$12; yet Free Trade invited them to rush in their cheap foreign labor products and let the American workman take his place in the soap line. Is it fair?"

## CANADA'S TRADE POLICY AND WAR CONTRACTS

Millions of dollars' worth of munitions of war are now being manufactured in the industrial plants of Canada and more large orders for additional goods are on the way from the allies.

The wisdom and foresight of those who framed the National Policy and put it into effect has been strikingly justified from a military as well as from an economic standpoint. In time of war our factories are protecting our people and property as in times of peace they promoted national prosperity. If Free Traders had been allowed to put their policy into effect, thereby making Canada an adjunct of the United States, their war orders would not now be placed in the factories of Montreal, Toronto, Hamilton, Winnipeg and many other Canadian cities but would be filled by the factories of Chicago, Buffalo and Philadelphia, thus making us dependent in times of war as well as in times of peace. Protection has not only protected our industries and saved them to exist and develop, but it is now enabling us to furnish weapons in our own country to protect ourselves from our enemies.

# REVIEW JOB DEPT.

Is equipped to turn out all kinds of Job Work from the smallest to the biggest job. Give us a trial.

## PEOPLE

If you have anything to sell let others know of it through the REVIEW. It will get you buyers and keep the money which is going elsewhere, in town.

## FARMERS

# ITEMS OF LOCAL INTEREST

See these new medall's at Gibson & Tupper's.

The school at Howell has been open up again for the winter with a good attendance.

Mrs. C. Walker left last week for Edmonton to join her husband who is with the 17th in that city, and will remain there for the winter.

Geo. Abbott, of the Broadway Department Store staff, is confined to his room suffering from a severe attack of the grippe.

We are making special prices on some gingham and wash goods to make room for our spring lines. Gibson & Tupper.

Owing to the heavy snow storms and cold weather in Manitoba and Saskatchewan the trains have been several hours late every day this week.

The wind last Sunday afternoon and evening drifted the snow over the pretty badly in the country and as a result very few farmers are coming to town these days.

A great pass-time these days is to sit in the cellar and be lulled to sleep by the click, click of the meters. Those who have tried it say the only time it is hard to get to sleep is about the 10th of each month.

At the regular meeting of the Red Cross society held last Tuesday Mrs. Redford was appointed to take Mrs. W. Walker's place as monthly collector, as Mrs. Walker has left for Edmonton.

Mayor Bell, who has been at Harvey, Mont., up to the 4th, returned home last Sunday. The Mayor says it does one good to get away from home for a while as it always makes him more pleased than ever to get back to Redcliff.

O. M. Shipley, who was called home owing to the death of his father, returned to town last Wednesday. He is now set to look after his father's business he expects to return to Hampton, N. D., in a few days, and will remain there for the summer.

Stephen Berry, of Mayberry, who was in town last week on his way to Calgary to join the Canadian Engineers, passed through again Sunday night on his way to Ottawa with 60 other engineers. It is expected they will leave for the front at once.

And now there is a gold rush along the Goose Lake line, with discoveries of nuggets as big as hen's eggs though perhaps not as valuable. At a mad rush for claims all about the hidden river, or the lost river, or the dug-out, or whatever it is.

We were informed that the peculiar blue hue in the southern sky last Monday was a sure sign of a cyclone. At it has not reached here yet we presume it has been delayed on account of the storm. As the train are not running on schedule time these days we can hardly expect the cyclone to.

Among those who have enlisted from Redcliff during the past week is one named Charles Mulligan. Since coming here Mulligan has worked in the glass plant. He has also worked in the harvest fields during the rush last fall. Mulligan has joined the 17th.

Lorimer Wedderburn, son of Philip Wedderburn, who farms about seven miles of here, was in town last Tuesday on his way to Medicine Hat where he intends joining the 17th. Lorimer is a fine sample of Alberta's young men who are volunteers. He is about 18 years of age, stands six feet one, and is built in proportion. While waiting to load such fine young men from our neighborhood we only hope and pray that they may be spared to return to us stronger and better men because of their experience.

Dr. C. R. Smyth has been appointed medical officer and H. W. Kelins, pharmacist for the 17th now recruiting in Medicine Hat.

The continued cold snap of January was good for the farmer, the ice man, the coal man and the gas man. It is an ill wind that blows nobody good.

We measure you for semi-rusky clothing the best and most reasonable on market. Gibson & Tupper.

It is reported that the new portfolio is to be created in the Dominion cabinet to be known as the Minister of Munitions and that H. B. Bennett, of Calgary, is to be the new minister.

James Berry, who at one time worked in the Brick & Coal plant here and later was employed in the Atlas tunnel yard, has joined the 17th now recruiting at the Hat.

J. Bruce, who has been chief of police in Medicine Hat for the past several years, has been appointed to join the 17th. He has been appointed a captain in this regiment. Bruce is also a South African veteran.

Major-General Sir Sam Hughes, minister of militia, has received the following communication from the Canadian general representative in France: "During the week of January 19-20 the general situation on the Canadian front has undergone no material change. The weather has been mild, and for the most part fine."

Owing to the severe weather for the dates held last Thursday evening under the auspices of the Red Cross society, those in charge have decided to have another dance for the same purpose tomorrow (Friday) evening. It will be held in Bell's hall. The Redcliff Thimble evening reception will be held in the hall should be packed.

At the meeting of the local branch of the temperance and moral reform league held in the Presbyterian church last Thursday evening resolutions were passed asking the provincial government committee to appoint a commission to look after the enforcement of the new act when it goes into effect next July, and also that the members of the committee who are in sympathy with the act.

Don't forget the Dress Carnival given by the "Fifteenth" Order of the Baptist church on St. Valentine's night. Skating from 8 to 10, after which all will go to Bell's hall, there to take part in the promenade, supper and entertainment. Come and see the costumes and take part in the evening's fun. Prizes will be given for the most complete costume, the finest and the most original, as well as for the best skater, the winner of the race, and for the fancy skater, all for 25 cents.

According to ancient history yesterday was the day the ground hog made his first appearance after hibernation for the winter. The story goes that if on this appearance he sees his shadow he goes back again for another six weeks and if not it is a sure sign of spring and he stays out. Unless contrary news he is as soon as he sticks his nose out we are likely to be another six weeks of winter, as the sun was shining brightly yesterday morning.

The alterations in the Broadway Department Store are now about completed. The upstairs over the men's store has been made into one large room and here the cracker and hardware has been put in. The large store which has been in at the rear of the main floor. The work on these alterations has been pushed through but at the same time the workmen have forgotten nothing and the great appearance of the store reflects great credit on Mr. Broadfoot, who is in charge of the work.

Come to Gibson & Tupper's for your new 17thbuds.

The Alberta Social and Moral Reform League has wired to Ottawa endorsing the movement for Dominion-wide prohibition.

Dr. C. R. Smyth has been appointed medical officer and H. W. Kelins, pharmacist for the 17th now recruiting in Medicine Hat.

The work on these alterations has been pushed through but at the same time the workmen have forgotten nothing and the great appearance of the store reflects great credit on Mr. Broadfoot, who is in charge of the work.

Keep Feb. 29th open as that is the date set for the big leap year social. Full particulars later.

The Presbyterian Ladies' Aid will give a tea in the church on February 14th, beginning at 3 o'clock in the afternoon.

Word has been received this week from "Uncle" Kelsey, who was reported in our last issue as ill in a hospital in France. The letter was written January 24th and states that he is now quite well again.

The sympathy of the community goes out to the family of Mr. Paul Pelting in the loss of their youngest son, James, who died on Monday, aged five and half months. The burial was at Medicine Hat on Wednesday, Rev. Mr. Gordon conducting the services.

Signalers I. Kichen, 108-223, 3rd C. B. G. company, writes that he is back again in the mud and water of the trenches, but has a dry and warm place to sleep in. Which shows that the health of our boys at the front is being better attended to.

At the night of the young men's new recruiting at the Hat is progressing most favorably. The first night started a week ago last night, now well over the hundred mark, and it is still increasing at the rate of about 20 a day.

E. L. Stone, of this office, has secured a provision of 1000 hours for auctioneering and is now prepared to attend to the wants of the district in this line. Arrangements for holding sales can be made with him at any time by applying at this office.

As this is the last year our society order is busy preparing a list of eligible young men in town and will publish it next week for the convenience of the young ladies. We intend printing a number of extra copies of our next issue so that all the girls may be sure of getting one.

The ladies of St. Ambrose church will hold their first social of the season in the parish hall on Monday evening next, commencing at 8 o'clock. There will be a visit and social evening. Good prices good music good refreshments. Everybody welcome. Admission 25c each.

A few weeks ago it was thought the soldiers from here who are with the 3rd now in training at Edmonton, would be transferred to the 17th at Medicine Hat. Last orders, however, are to the effect that this will not be done but that the boys will remain at Edmonton.

W. J. Haver, who left here last week for his old home in St. Thomas, Ont., having been called thither owing to the serious illness of his mother, writes her to say that she is feeling a little better and that she is still conscious. His arrival pleased her considerably but she still feels that she has no hope of being entertained for her recovery.

Orders for coal are still coming in from all corners to the Brick & Coal Company here and they are finding some difficulty in keeping the demand. The constant handouts at the present time is the severity of the cold. Mr. Sellhorn also informs us that he has been once again difficult to secure enough experienced miners to carry on the work.

A scheme is now on foot throughout the province which has for its object the raising of funds for the Red Cross society. The plan is to set Feb. 29th aside as a day when all the wholesale and retail stores in Alberta will give a percentage of their day's business for the Red Cross society. This percentage will range from two and a half to five per cent of the total turnover for the day. It is estimated that there are 11,740 merchants in the province, located in 1,075 towns and villages. The usual day's turnover amounts to about \$50,000 and it is expected that the fund raised from this source would amount to approximately \$55,000, with the increased business.

Lesser Haver, who has joined the 17thbuds, has moved his family to Medicine Hat where they will reside for the winter.

FOR SALE—Boyer Pratt, small driving and riding horse; perfectly safe and sound; price \$70.00. Call at the Reary.

HOUSE WANTED—Comfortable, medium sized, with two lots, near school; price must be reasonable; see me at once. Otto M. Shipley.

As a result of the bursting of a water main on Fifth street near the Laurel hotel the large collapse of that block were filled full of water from the leak and seepage. After the damage was repaired the men were not to work pumping out the cellar. For this purpose a gasoline engine was used and kept going night and day till the task was finished.

Mr. and Mrs. H. A. Pratt and family leave next Monday for St. Paul and may go to Kansas City, Mo., where Mr. Pratt has been offered a good position with a prominent firm. Since coming to town Mr. Pratt has been engaged as superintendent at the brickworks here. The family will be greatly missed among their large circle of friends.

President Wilson refused to support the movement for an amendment to the federal constitution providing for women suffrage. He spoke briefly to 200 members of the congressional union for women suffrage and told them that he felt the suffrage question should be dealt with by each individual state.

On account of the death of the senior member of our firm we find it necessary to close our Redcliff office, and we will sell all or any part of our furniture and rent our office to a good party who wishes to continue the business, consisting of insurance, real estate, collections, conveyancing and steamship tickets. There is only one other office of the kind in Redcliff. If interested, write or call at once.

German Troops Perish In Russian Marshes A dispatch from the Petrograd correspondent of Reuters says that prisoners taken during the last few days by the Russian army confirm the terrible condition of the German troops in the Pskov marshes, where a mud has released such quantities of subterranean water that all the enemy works have been wrecked as completely as if they had been bombarded by heavy batteries. Not only have thousands of caissons, quantities of munitions and numerous guns been captured, the dispatch says, but various entrenched detachments of troops and often large ones, have been cut off and having been unable to extricate themselves from the marshy labyrinth, they perished miserably.

German Troops Perish In Russian Marshes A dispatch from the Petrograd correspondent of Reuters says that prisoners taken during the last few days by the Russian army confirm the terrible condition of the German troops in the Pskov marshes, where a mud has released such quantities of subterranean water that all the enemy works have been wrecked as completely as if they had been bombarded by heavy batteries. Not only have thousands of caissons, quantities of munitions and numerous guns been captured, the dispatch says, but various entrenched detachments of troops and often large ones, have been cut off and having been unable to extricate themselves from the marshy labyrinth, they perished miserably.

Allied munition drew in close to the Belgian coast and shelled German positions at Westende, according to advice received. At the same time Anglo-French aviation bombarded German works near Knoeke and Hoyt.

President Wilson refused to support the movement for an amendment to the federal constitution providing for women suffrage. He spoke briefly to 200 members of the congressional union for women suffrage and told them that he felt the suffrage question should be dealt with by each individual state.

On account of the death of the senior member of our firm we find it necessary to close our Redcliff office, and we will sell all or any part of our furniture and rent our office to a good party who wishes to continue the business, consisting of insurance, real estate, collections, conveyancing and steamship tickets. There is only one other office of the kind in Redcliff. If interested, write or call at once.
